

## Our Approach to Sustainability

Everyone in PFC have a role to play in ensuring that we work towards a better world for generations to come. Our approach to sustainability is about maximizing our environment, societal and business performance.

Through our engagement with our clients, suppliers, professional bodies and regulatory groups, we ensure that we take a responsible approach to the environment from an early stage in the project and right through the construction process.

**P F** PAUL FLYNN  
CONSTRUCTION

# BUILT ON TRUST

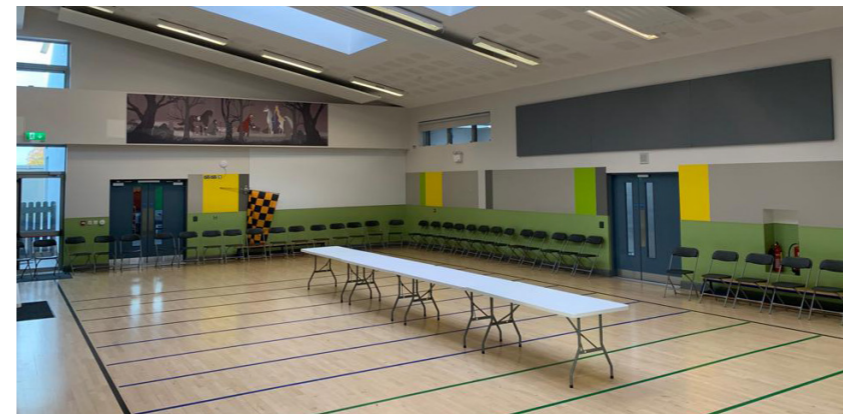

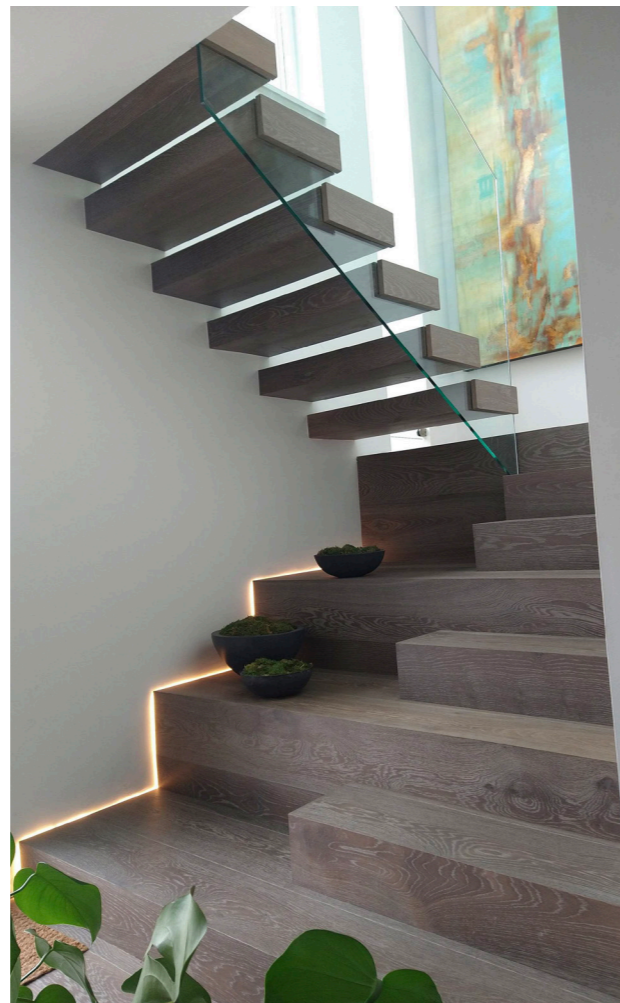

High quality construction management across a range of sectors.

Paul Flynn Construction Ltd. has been setting standards in the construction industry since it was founded by Paul Flynn Senior in 1979. PFC remains to this day a business with a deep family focus.

We have a strong emphasis on teamwork, our dedication and passion enables us to deliver a high-quality end product and through a partnership approach with our clients, PFC are committed to managing the project with strong cost control measures in place whilst delivering the project within the given time frame.

We have developed considerable expertise in a wide range of construction projects including education, residential, fit outs, heritage and commercial projects for a wide range of clients both private and public. We have earned a respected reputation within the construction industry resulting in regular recommendations for repeat business and that experience underpins our ability to deliver a service and product that truly reflects the individual needs of our clients.

We operate a Safe-T-Cert safety management system ensuring our commitment to safety whilst ensuring a continued safe working environment and well-being for everyone involved in the project.

## Testimonials

'PFC are an honest building contractor whom we would be happy to work with in the future'

**Quinn Barnwall Buggy, Architects**

'Their attention to detail during every aspect of the project was most impressive. We have been positively impressed by PFC's approach to all the projects they have completed'

**Clonfert College**

'PFC liaised appropriately with the Project Team and carried out their duties in a professional manner'

**KSNPM**

'The workmanship throughout the project was excellent, timelines were consistently met. PFC's ability to translate the design vision into a high-quality finished product was particularly noteworthy. Extremely easy to work with, professional, reliable and always contactable'

**Old Bawn**

**Community School**

“ Respected reputation within the construction industry. ”
